Solutions Revealed! How Communities Solve Stormwater Runoff

The public and press are invited to join with the Severn River Association (SRA) on Tuesday March 18 to learn how local river communities are dealing with various stormwater runoff problems.

As part of SRA's monthly Educational Series, leaders from the Herald Harbor and Winchester on the Severn neighborhoods will explain how their communities sought grants from state, federal and nonprofit groups – including SRA – to help design and build stormwater control solutions.

SRA's guest speakers will be:

- Charlotte Lubbert, Master Watershed Steward and SRA Director, and Matt Rhoderick will explain bioretention projects in Herald Harbor, and
- Eloise Ullman, Master Watershed Steward, will discuss community efforts to design, fund and build two rain gardens in her community, Winchester on the Severn.

When: Tuesday March 18, at 7 pm (rescheduled from Jan. 22).

Where: Union Jack's, across from Whole Foods in Annapolis Towne Center, 2072 Somerville Rd., Annapolis, MD. <https://www.facebook.com/unionjacksannapolis>.

Note new location. The SRA Educational Series meeting will be in a private meeting room at Union Jack's.

The Severn River Association is the oldest river association in the U.S. and Anne Arundel County's only river group in continuous operation since 1911. The meetings are free. Residents and representatives of community associations are encouraged to attend, get involved and make their opinions on watershed issues known.
